

Room 8 - Writing

Sneaky Allie

One beautiful spring morning a girl named Allie set off up the grassy hill to gather apples. When Allie reached the top of the grassy hill there were no apples. There were blossoms. They were the peach pink colour like Allie's lips, she looked up at the sky and it reminded her of her sea blue eyes and the boiling sun for Allie's silky golden hair. She started rolling down the hill. Allie kept spinning and spinning till she felt something push down hard on her. 'Ouch' said Allie. She looked up and saw a large man dressed in black, but Allie was dressed like she came from the royal family. She was wearing a fresh peppermint dress with white polka dots. She looked glamorous. The large man dressed in black said "you're coming with me". To be continued.

Garnet

The Beautiful Enchanted Sky.

One morning I woke up and walked outside, I walked over the cracked pathway and saw one side had the blazing bright sun. The other side had the beautiful night. I said "this is an enchanted sky isn't it". With the sparkling stars on one side and a beautiful nice day on the other.

Kimmie

The Alien City

One gloomy night a strange noise rumbled the city. The city looked like it has been electrocuted. There was a strange sound and the people stared at the charcoal sky above a powerful dangerous quiet pitch-black city.

Rivers

The Ferocious Beast

At night, in the dark creepy forest there was a big scary ferocious beast. It had really big sharp teeth but there was one thing, a problem. He was very hungry. The beast was really sneaky. He stole a little baby and gobbled the baby up. The guards saw this ferocious beast so he ran off back into the forest. In the morning he went back to the village and stole heaps of meat.

Number 19

Dear Parents/Caregivers, Tena Koutou Katoa

1) Junior Readers

Currently we are having a junior reader amnesty. During the holidays we will be stocktaking and replacing any lost readers. We have allocated \$3000 to upgrade these readers (they have an average price of \$8.50!) but would much prefer to spend this on new resources targeted at our reluctant readers, than replace books that we already have, which have been lost. PLEASE could you check that you haven't any at home, even if your child is well out of the junior school. No questions will be asked, just drop them in. Thank you.

2) 'Snapped Ya!' of the Week

'Snapped Ya!' is a PB4L (Positive Behaviour for Learning) initiative. The PB4L focus for the week is 'Picking Up After Yourself'. The recipients are Mereana Paora, Justyce Selwyn, Jesse Mallet, Mikaela Tice and Hemi Tattersall.

3) PB4L (Positive Behaviour for Learning)

Positive Behaviour for Learning school-wide, is a positive proactive school-wide organisational framework for discipline. It is designed to teach social and behavioural skills so that schools can focus on their core business of teaching and learning. Ahipara is currently in the second year of this contract. This involves team members attending a number of workshops, reflecting on what we do well and what areas we would like to improve. Over the course of the next few years this framework will be implemented into the school. It will involve things such as timetabled behaviour lessons being taught regularly in classrooms, rewards for desirable behaviour and teachers collecting data around behaviour in class and in the playground. The school needs can then be identified and addressed. This will ensure our school continues to be a safe, fun place to learn.

4) Mid Year Reports and Three Way Conferences

On **Wednesday 6th July** we will be holding our annual Parent/Child/Teacher Report Conferences. Interview times will start from 8:00am and will finish at 6:00pm. During this time our teaching staff will not be available for normal teaching duties. **I would also like to state that you will only receive your child's report at the actual interview.** The main reason for this, is so that we can have the opportunity to explain your child's report in depth with you and your child. We strongly recommend that you

bring your child to the interview as they are the main stakeholder in the partnership that can ultimately effect positive change to their achievement levels. Students will also be taking an active role in this process and will be reporting on their progress in literacy. This week all pupils were given a slip to take home for parents to select preferred times for these interviews. You are given a choice of three options to enter on the slip just in case your times are already taken. The 15 minute time slots will be allocated on a 'first in, first served' basis. These interview times will be confirmed with you on Friday 1st July, by a notice sent home with your child. We are hopeful that with a **combined effort from home and school we can see our pupils achieving to the best of their abilities**. If you are unable to attend this day, please don't hesitate to contact your classroom teacher to make alternative arrangements. **We are aiming for 100% attendance, so our students can be provided with a report on their achievements to date this year.**

As our three way conferences are only two weeks away, here are some questions you may like to ask your teacher about how well your child is learning.

How do I know my child is making good progress at the right level?

In the report, your teacher will tell you how your child is doing in relation to the National Standards in reading, writing and mathematics. You can ask the teacher to explain what the report means. You can also ask how your child is doing in other areas of the curriculum like science, social studies, health, technology, physical education and the arts. All primary schools are required to teach these, and they should all feature in school reports to parents.

Is my child struggling with anything? If so, with what in particular?

Your teacher will be able to tell you if your child is not doing as well as expected, what the teacher is doing about this, and if there is anything you can do to help. You should also find out how much work is needed for your child to catch up. You know your child best, you have an important contribution to make and your teacher will be very happy to assist with ideas for home.

What does it mean if the teacher simply says my child is "on track" or "likely to" meet the National Standards?

The National Standards are not a test. The standards describe what your child should know and be able to do in reading, writing and mathematics for each primary school year. Parents need to know where their child is in relation to the standards and if the progress they are making is as expected. The teacher should be able to explain in detail how well your child is doing. The goal is for every child to meet the standards for reading, writing and mathematics at the level appropriate to their age or school year level. You can ask the teacher what "on track" or "likely to" means, and how a judgement is made about where your child is in relation to meeting the standards. Ask the teacher why it is important for your child to meet the National Standards. For information about National Standards, visit the Ministry of Education website: www.minedu.govt.nz.

What will my child learn next?

The teacher will explain what the class is going to do, what she/he is doing with your child, and what she/he will expect your child to work on. Ask the teacher how your child will be told, what to concentrate on next.

Matariki

All classes have started their learning around Matariki and we were very fortunate to have a puppet show today that reinforced some of this understanding. A reminder that we are hoping to share our mahi and a morning tea with grandparents, kuia and kaumatua on **Tuesday 5th July**. Which is the last Tuesday of this term.

Board of Trustees

Our Board of Trustees are: Chair - Dion Masters, Vice Chair - Rowen Burt, Staff Rep - June Matiu, Ken Mullarky, Amelia Marsh and Maureen Te Paa. The Board has been very proactive since election and I am delighted with the focus and diverse strengths that they bring to this board. This Saturday we are undertaking a full days training and I wish to thank and acknowledge their commitment to our school and more importantly to our tamariki.

Disco

Last Friday we held our first disco and it was such a great success. We raised \$900. A huge **'THANK YOU'** to our P.T.A. Check out some of the photo's.
